

“Group Me” App Instructions-Students

1. Download the Group Me app from your smartphone’s app store. (Compatible with Android and iPhones)
2. Follow prompts to set up your account-Be sure to ALLOW push notifications so you will be notified when your instructor sends messages to the class.
3. Your instructor will send an email to your PCCUA student email account that contains a link to join the group. (It will look similar to the example below.)

4. After clicking the link, choose to “Join Group in App”.

5. You should now be added to the group message where you can communicate with your peers and your instructor regarding coursework.
6. Group Me allows you to send text, images, documents, and other media to all members to the group.

NOTE: If you have trouble setting up your account or accessing the group, please contact your instructor.
